

## Summit Trail - Charlotte Pass to Snowy River

3 hrs

Hard track

9 km Return

↑ 237m

4

Starting at the end of the road at Charlotte Pass, this walk follows the old Kosciuszko Road towards the main range, stopping at the bridge over the Snowy River. At this point the Snowy River is still in its infancy, as it starts its long journey to the ocean in Victoria. The walk follows a well defined management trail that was a public road until 1976.

### Are you ready to have fun?

Please ensure you and your group are well prepared and equipped for all possible hazards and delays. Check park closures, weather information and Fire Danger Rating before setting out. Optional side trips and alternate routes noted are not included in this walks overall grade, length or time estimate. Please allow extra time for resting and exploring areas of interest. The authors, staff and owners of wildwalks take care in preparing this information but will not accept responsibility for any inconvenience, loss or injury you may experience. Please take care, have fun - Happy Walking. **Getting there** Traveling by car is the only practical way to get to End of Kosciuszko Road (gps: -36.4319, 148.3283). Car: A park entry fee is required for driving into the park.

This is a return, so you will finish back at the start.

Find up to date and more information including; travel directions, weather, park closures and walker feedback at <http://wild.tl/swcptsr>

### 0 | Covered in snow part of the year

This walk leads through an extreme alpine environment and all walkers must be well prepared. During summer, be prepared for both very hot and cold weather, high winds, rain, snow, extreme UV levels and some sections of snow or ice on the ground. Before starting this walk, check advice with [Snowy Region Visitor Information Centre](#) (02) 6450 5600, the [weather forecast](#) and the [snow conditions](#) then change your plans as needed. These notes, grades and walking times have been written for use in the summer months only. Between May and the end of October, this walk is likely to be covered in snow/ice, visitors should carry and be prepared to use snowshoes or cross country skis. When there is a chance of significant snow on the ground, visitors will need particularly strong navigation and snowcraft skills - tracks and signage may not be visible. For most visitors, it is best to consider this walk closed during the colder months. Between the long weekend in June and October, the road between Perisher Village and Charlotte Pass is closed by the [RTA](#). It is possible to organise [oversnow transport](#).

### 0 | End of Kosciuszko Road

(4.2 km 1 hr 23 mins) From the end of Kosciuszko Rd at Charlotte Pass (just near the toilet block), this walk heads along a wide management trail, following the large 'Summit walk' sign. The walk initially dips down a bit and heads through a grove of snow gums. This walk soon leaves the snow gums and the landscape opens to a fantastic view of the Snowy River and the valley (on your right). After about 1km, the walk passes a yellow 'MT K 8' sign on a snow pole. This walk continues along the management trail and gently undulates up along the side of the long ridge, passing several more 'Mt K' milestone signs counting down. After a while, the old road heads up and over a ridge, passing the 'MT K 5' and the original 'K 3' milestone (on your left) to find the un-signposted concrete bridge over Merritts Creek.

### 4.22 | Merritts Creek bridge

(260 m 4 mins) Continue straight: From the bridge, this walk follows the management trail west through the valley, where the trail soon bends right and passes a 'Snowy River' sign, coming to the bridge crossing the river.
